

CONCRETE SEALER

DESCRIPTION/FEATURES:

- Aqua Mix Concrete Sealer is a natural-look, below-surface sealer designed to resist stains.

USES:

- Recommended for use on:
 - Concrete
 - Masonry
 - Unpolish Natural Stone
- Equally effective for interior and exterior applications

AVAILABLE SIZES:

- Concrete Sealer is available in gallon, 5-gallon pail, and 55-gallon drum sizes

COVERAGE:

- Approximately 400 to 800 sq. ft. (30^{m2} to 95 m²) per coat per gallon (3.875 L), depending on type of tile, porosity and texture of surface, temperature, humidity and method of application

EXPECTED WEAR:

- Will vary depending on hardness and texture of surface, type of area, surface wear, frequency and type of maintenance products used, the expected wear is **up to 3 years**. Extreme weather conditions, harsh cleaning methods and high-alkaline or solventbased cleaners will affect wear.

METHOD OF APPLICATION:

- **Read entire label before using**
- **TEST A SMALL AREA**, according to application instructions, with a 24-hour cure time to determine desired results. Test for stain repellency using likely contaminants.
- On newly poured concrete, sealer can be applied 14 days after initial cure.
- Surface must be clean, dry and free of existing sealers and coatings and curing agents.
- Apply 1 to 3 coats using a dense sponge applicator, paint roller, sprayer or brush. Avoid overlapping, puddling and rundown.
- Completely wipe surface dry 3 to 5 minutes after application using cotton or paper towels.

CURE TIME:

- Allow 1-hour drying time between coats
- Ready for surface traffic in 2 hours
- Keep area dry for at least 12 hours
- Achieves a full cure in 24 hours
- After 2 hours conduct a test to determine if surface is completely sealed by applying water droplets to the surface. If water is absorbed, apply an additional coat. Wait 2 hours and repeat the test.

LIMITATIONS:

- During application, surface temperature should be between 50° F and 80° F (10° C and 27° C)
- Do not allow sealer to come in contact with any non recommended surface

HANDLING AND STORAGE:

- Close container after each use
- Store in original container only
- Store and use in temperatures between 50° F and 80° F (10° C and 27° C)
- **Protect unused, stored product from freezing**

CAUTION:

- **KEEP OUT OF REACH OF CHILDREN**
- Eye and skin irritant
- May be harmful if swallowed
- Contains siliconates
- Do not take internally
- Rubber gloves and eye protection should be worn during application
- **IF INGESTED:** Do not induce vomiting. Drink 1 to 2 glasses of water. Seek immediate medical attention.
- **EYE CONTACT:** Flush thoroughly with water. Seek immediate medical attention.
- **SKIN CONTACT:** Flush with water
